

UNNAT BHARAT ABHIYAN PHASE-II

National Coordinator: Prof. Virendra K Vijay

We, our Higher Educational Institute, have tried to create awareness among the people of our surrounding impoverished villages- Deucha, Ganpur, Sonthsol, Madian, Gopalnagar to identify development challenges and evolving appropriate solution for accelerating sustainable growth.

Annexure-I for Perennial Assistance

Name Of the institution	Basantika Institute Of Engineering & Technology, Birbhum
AISHE CODE	S-10875
Village Adopted	<ol style="list-style-type: none">1. Deucha2. Ganpur3. Sonthsol4. Madian5. Gopalnagar
No. of Gram Sabha conducted	15
Writeup of the multidisciplinary work done in the villages (200 words)	<p>We have interacted with the people of these villages in order to make them aware of their physical and health condition, like we told them how to keep themselves away from any fake treatment like the treatment of shaman and told them how to choose right medicine and health care. To emphasis this awareness in them we told them about the sanitary system. Even nowadays many people of rural areas take their bath in the dirty water in pond and wash their utensils with that water. We make them understand how much these things are harmful for their health and persuade them to keep their villages clean by proper drainage system and sanitary methods. Not only this we have successfully ended our camp on tree plantation and basic education need by ingraining in their brain how these activities will help them to prepare themselves for their future. We also provide them various way to earn money by making them aware of various skill development program through which they can earn their livelihood and can get a healthy life style. As this is the time to develop a coherent economic strategy and to gain this good communication, personality, behavior are the essential parts, so we are trying to develop such attributes within them by our continuous reciprocal action with them and we can see a visible difference among them. They are achieving good communication skill and body language that will lead them towards many opportunities to get part time jobs besides their main profession to run their economical needs easily.</p>
